REACH is a year-round resource and network for women interested in amplifying the impact of their research by exploring technology transfer, commercialization and entrepreneurship.

Fireside Chat with Nicole Washington: A Journey from Start-ups to Angel Investing

Friday, October 23, 2020

Noon – 1 p.m.

Via Zoom; please contact Katie Musson, musson.7@osu.edu for registration details

Featured Speaker: Nicole Washington, MS
Founder and CEO of Boralogix, Inc.

ABOUT OUR SPEAKER:

Nicole Washington is a senior executive and entrepreneur with twenty years of experience in strategic planning, systems design and implementation and programming for public, private and government technology industries. She has been an information technology management consultant for local and national firms, including Ernst & Young, LLP where she specialized in the implementation and integration of Enterprise software. Nicole is the founder and CEO of Boralogix, Inc. a technology consulting firm and she currently serves as a member of the United Nations platform AI for Good Summit Gender Braintrust. Nicole has spent over a decade as a member of the Angel Capital Association and one of the largest angel investing funds in the country where she has been an avid and effective due diligence team member. The Angel Capital Association is the largest professional organization for active accredited investors in North America.

The mission of Ohio State ADVANCE is to increase the representation, advancement and recruitment of women faculty in the academic STEMM (Science, Technology, Engineering, Mathematics and Medicine) careers, and contribute to the development and success of global research leaders.
